5500 Copies

Was the Press Run on
Saturday, July 13, of the

Honolulu Star-Bulletin

Of this number there were ninety-eight copies left over for office sales, files and copies for the office staff.

We are getting settled down to a bed-rock basis of circulation. The duplications of subscribers to the two former evening papers are practically eliminated, and the circulation of the Honolulu Star-Bulletin is holding to a figure far above the original guarantee.

A circulation of Five Thousand or more, and an advertising rate of Fifteen Cents an Inch is an offering of value to advertisers that cannot be equaled for value in any other city of the United States.

It is proof that the Honolulu Star-Bulletin is giving the best advertising medium with the lowest relative rate per inch.

Everyone admits, we supply the people with the best news medium Hawaii has ever known. The good work will be continued.

Do not forget that the circulation books of the Honolulu Star-Bulletin are open to any business man who wishes to know what value he is getting.

The Housewife's Health Is Precious

The happiness of the whole family depends greatly on the health and strength of the housewife. If she is weak and worn out, fretful and nervous she cannot be the wise and patient adviser of her children, the congenial companion of her husband, the calm mistress of her many trying household duties that she was when in perfect health.

For such women nothing equals

Stearns' Wine of Cod Liver Extract

the peerless tonic and appetizer which is so pleasant to the taste that it agrees with the most delicate stomach, yet is certain in its strength-renewing and body-building effects. It has not even the faintest taste of cod liver oil, and millions of people in all parts of the world unite in praising its value as a restorer of health and vigor. Get it at your druggists and be sure you get STEARNS'—the genuine.

Our first duty to you and ourselves is to give you shoes that will be satisfactory to you. The secret of the phenomenal WALK-OVER success is due to the millions of satisfied WALK-OVER wearers.

RECENT RUSSIAN ARRIVALS GOING TO PLANTATIONS

The territorial immigrant station is again inhabited. For it now houses some forty-odd Russians who arrived from Dalny on the steamer Shinyo Maru. These Russians are a part of those who had gathered at Dalny with the view of coming to Hawaii to join friends and relatives here. Commissioner Clark found them there on his arrival in Manchuria and after investigation decided that they would make good citizens and arranged for their transportation here.

In view of the action of the Sugar Planters' Association in deciding that its members would not use Russians, the party at the station is likely to be the last to arrive here for some time to come.

Commissioner Clark has been ordered to finish his investigations in Manchuria and sail for home and it is supposed that he is on the way.

Places have been found on plantations for all of the recent arrivals save eight unmarried men who elected to remain in Honolulu.

COAL MAY COME FROM CANADA

Coal to replenish the bunkers of United States army transports that call at the port of Honolulu each month may be brought here from British Columbia, according to a well-founded report current in local shipping circles.

The United States government has requested bids for supplying coal to the United States army transport service, from Northern mine operators, and two hundred collieries situated in the Dominion of Canada will offer tenders to furnish the large amount of fuel required.

For some time past the great bulk of coal brought to the Hawaiian Islands and consigned to the local quartermaster's department has come from Japanese sources.

Nagasaki, Japan, has been the regularly-appointed coaling port for the transports Thomas, Sheridan, Sherman and Logan, these vessels remaining at Nagasaki for between two and three days, during which time a large quantity of fuel was placed on board by a host of Japanese coolies, many being women and children.

The supply of coal belonging to the quartermaster's department at Honolulu has become practically exhausted, and for the past several calls of army transports, an order from San Francisco to the Philippines, the coal furnished the vessels has been purchased from local importers.

The big cargo-carrying transport Dix will, it is said, go into immediate commission at Seattle and proceed to Japan and the Philippines. The return of the Dix to Honolulu will also insure the receipt of several thousand tons of Japanese coal for the Honolulu station.

CHINESE CONSUL AT SYDNEY PROTESTS

A Sydney special to the Western Pacific Herald says: Hwang, the Chinese Consul in Sydney, says that China will soon take her place in the world's affairs. He protests against the exclusion of Chinese from the Commonwealth and says that Australians should well consider the matter.

HONOR TO JOS. RICHARDS.

Newspaperdom in its issue of June 27 publishes a photograph of Jos. A. Richards, brother of Theodore Richards of this city, with the following statement: "Jos. A. Richards, who established probably the first advertising agency in New York City to be run as a 'service agency,' was called to Middletown, Conn., last week, where he received the degree of Master of Arts from Wesleyan University. It was conferred, in Mr. Richards' case, as a purely honorary degree, which is not a common practice of Wesleyan."

Mr. Richards will be remembered by many Honolulu people, he having visited the city some years ago before taking up the management of the pineapple advertising campaign. The Richards family have been loyal Wesleyan men and they have reflected honor on their alma mater. Atteston Richards, who is now home for the vacation, is a student at Wesleyan, having completed his freshman year.

John P. Warren of Mansfield, who has served 53 years in the state prison will leave for home shortly.
